Dedicated to

# Rodney Hayes

February 27, 1947 - February 18, 2013

The 2012 Annual Town Report is dedicated to Rodney Hayes,  
Administrative Assistant to the Selectmen.  
Rodney was a knowledgeable, hard working and trusted employee  
who was dedicated to the town. A quintessential North Country  
personality, his compassion for all was legendary.  
He will be sadly missed.

## Information on Semi-Annual Tax Billing

### **76:15-a Semi-Annual Collection of Taxes in Certain Towns and Cities. –**

I. Taxes shall be collected in the following manner in towns and cities which adopt the provisions of this section in the manner set out in RSA 76:15-b. A partial payment of the taxes assessed on April 1 in any tax year shall be computed by taking the prior year's assessed valuation times  $\frac{1}{2}$  of the previous year's tax rate; provided, however, that whenever it shall appear to the selectmen or assessors that certain individual properties have physically changed in valuation, they may use the current year's appraisal times  $\frac{1}{2}$  the previous year's tax rate to compute the partial payment.

II. For the purposes of this section, the lists of assessed property shall be committed by the selectmen with a warrant under their hands and seal directed to the collector of such town no later than May 15. The collector shall mail all the bills for this partial payment no later than June 15. Partial payment of taxes assessed under this section shall be due and payable on July 1. The collector shall receive such payments, give a receipt therefor, and credit the amount paid toward the amount of the taxes eventually assessed against the property, in the same manner as prepayments under RSA 80:52-a. A payment of the remainder of the taxes assessed April 1, minus the payment due on July 1 of that year, shall be due and payable December 1. Interest charged on all taxes not paid on or before the date they are due shall be as prescribed in RSA 76:13, except that, when bills for the partial payment under this section are mailed on or after June 1, interest shall not be charged until 30 days after the last bill is mailed.

III. (a) Notwithstanding the provisions of paragraphs I and II, any municipality affected by a change in adequate education grants or excess tax amounts, determined pursuant to RSA 198:41, may apply to the commissioner of revenue administration on forms prescribed by the commissioner to adjust the  $\frac{1}{2}$  of the previous year's tax rate by an amount sufficient to collect  $\frac{1}{2}$  of the estimated increase or decrease in the local school tax resulting from the change.

(b) The department of education shall certify, no later than November 15, to the commissioner of the department of revenue administration the difference in the amount of the adequate education grants and excess tax amounts between the current fiscal year and the forthcoming fiscal year for every municipality.

(c) Any municipality requesting an adjusted rate for the semi-annual bill shall submit such request to the commissioner of the department of revenue administration by April 1 prior to the issuance of the semi-annual bill.

### **76:15-b Local Option. –**

I. Other provisions of law to the contrary notwithstanding, taxes shall be collected in any town or city in a manner pursuant to RSA 76:15-a if said town or city, by majority vote of the governing body, adopts the provisions thereof. A town or city which adopts the provisions of RSA 76:15-a may rescind said adoption by majority vote of the governing body, and the general statutes relating to collection of taxes shall once again apply.

II. Taxes shall be collected in any town or city in a manner pursuant to RSA 76:15-aa, if said town or city, by majority vote of the legislative body, adopts the provisions thereof. A town or city which adopts the provisions of RSA 76:15-aa may rescind said adoption by majority vote of the legislative body, and the general statutes relating to collection of taxes shall once again apply.

III. Any city or town may, by majority vote of the legislative body, adopt a fiscal year running from July 1 to June 30 of the following year. In conjunction with that vote, the city or town is also authorized, by majority vote, to adopt a budget for the purpose of funding a 6-month conversion period through the adoption of a system for quarterly collection and billing of taxes as provided in RSA 76:15-aa.

## 2012 SELECTMEN'S REPORT

First let us say that the office will never be the same following the retirement in August and death in February of Rodney Hayes, dedicated Administrative Assistant to the Selectmen and friend to all he came in contact with.

2012 has been a busy year. The long term restoration project for Durand Road saw two more culverts replaced and plans made to replace four more in 2013.

A Condition Assessment of High Acres Rd was started by the Road Agent and it appears it will need substantial work soon.

Continuing with roads, 28 years after the 1984 Town Meeting a deed has been obtained for the last 400 feet of the westerly portion of Randolph Hill Rd. The deed was obtained from the granddaughter of the original owner thus averting a possible costly court case.

The Randolph Hill Rd. Extension was completed and a turn-around built, allowing access to hiking trails and the Town Forest. Gates have been erected at the end of the road to prevent access by unauthorized vehicles to the Town Forest and in reverse from the snowmobile trail to the Road. Hiking trails in the area will be re-signed as well.

Kevin and Chuckie continue to do a good job as Road Agent and Assistant Road Agent. They have worked closely with our residents, evoking many positive reports to the Selectmen.

A restoration project for the Ravine House Dam is under way. The Selectmen have met with State Dam Officials, and HEB Engineering of North Conway was contracted to work with FEMA to do the engineering studies and State permitting needed to advance the project. As of year's end all permits except dredging are in place and most of the engineering work has been completed.

We know many of you are wondering why the Project is going so slowly. The answer is each step results in a cost to the Town and we must be sure that each cost is 75% reimbursable by FEMA. We currently have \$98,600 held for us by FEMA but expect to exceed this. FEMA has stated to our engineers that they will cover added costs, but we feel caution is warranted.

In other matters, the Town was named in multiple Actions and Appeals questioning Assessment Methodology, heard before the NH Board of Tax and Land Appeals, initiated by one taxpayer who circulated a petition. These actions necessitated many hours of preparations and appearances by the Selectmen before the Board in Concord. Since one of the Actions was for a complete and immediate reassessment of the entire Town, which was estimated to cost \$44,000, the Town's Attorney was brought in to defend the Town, with consequent substantial legal fees. Individual Selectmen were also named in two of these Actions. The Board of Tax and Land Appeals found all of the Actions and Appeals had no merit, and a costly "unscheduled" reassessment was averted.

The "scheduled" 2014 reassessment was begun this year. The Selectmen felt that doing the Listing and Viewing over a two year period would allow for greater access to summer residences. In addition this allows us to spread out the payments.

Happier news is that usage by the community of the Town Hall/Library complex continues to expand as Hersh Cross envisioned. THANK YOU HERSH!!!

Respectfully submitted, Board of Selectmen

## Auditor's Report

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Tax Collector, Town Clerk, Treasurer, Selectmen, Trustees of Trust Funds, Library Trustees and Forest Commissioners on June 28, 2012 for the fiscal year ending December 31, 2011 and find them correct and in order.

Respectfully submitted:

Philip Guser

Wendy Walsh

## Librarian's Report 2012

In a town this size with only 14 hours of operation per week, it is truly remarkable the things that can be accomplished in a little library like ours. Although we are not a full-time Library, we do offer the “full-service” of many larger libraries. How does it happen? With the dedication of volunteers, the continued support of the Friends of the RPL, the financial commitment of the Town, faithful “patrons”, and the use of technology, all working towards a common goal.

We continue to maintain a current selection of books, DVDs, and Audio CDs, as well as offer Internet access and downloadable Audio and eBooks. With the help of the Friends of the Library, we provide a public performance movie license and ongoing adult and children's programming throughout the year. Children participate in the Hop-Off-the-Bus Book Group on Wednesday afternoons. Residents and visitors enjoy the annual Book & Bake sale and children's story hours during the summer months. The White Mountain Room continues to be a popular place for small gatherings and a place to house our gradually expanding archives.

We welcomed many new patrons this year and added several titles to the White Mountain and Randolph Author shelves, as well as new DVDs and Audio books. There were a total of 1750 visitors and circulation of 1857 items and 112 interlibrary loan transactions. Assistant Librarian Christa Rousseau created a website for the Library with links to many resources and happenings at the Library. The online catalog was upgraded and will soon be available from your home computer.

We encourage all residents of Randolph to come and learn about the many services available through your Town library and to share in this community of knowledge available in this special place. It has once again been a pleasure to serve you as Librarian and I extend my gratitude to Assistant Librarian Christa Rousseau, our dedicated volunteers, Trustees, the Friends of the Randolph Library, and all of our patrons.

Respectfully submitted,  
Yvonne Jenkins  
Librarian

# Randolph Police Department

## Report for 2012

To Randolph Residents

Well 2012 came and went. Everything seems to be going well thanks to people calling in cars, plate numbers, tracks in the snow and suspicious persons. We had some Bear break-ins, nobody hurt!!!

Kevin, Mike and I attended 10 hours of training.

With Kevin plowing roads we are getting extra coverage.

Don't forget for pistol permits you need to contact your Police Chief.

Assists:	16
Suspicious Cars and Persons:	9
Theft Investigations:	9
Accidents:	15
Car Breaks-ins	2
Ambulance Calls	13
Bear Break-ins	3
Dog Complaints	3
Lost Person	3
Fire:	3

Thanks for your calls they really help. Write down Plate numbers.

Respectfully submitted,

Gordon Alan Lowe

Police Chief

## Randolph Fire Department Report for 2012

The Randolph Fire Department had a quiet year again in 2012. The majority of the department's calls continue to be for assisting the ambulance at motor vehicle accidents. There were no major fires in Randolph again this year. We continue to be active in the North Pac Mutual Aid System assisting other departments in Coos County, with the majority of the assistance going to the towns of Gorham and Jefferson. The fire department also assisted with one mutual aid call in Shelburne.

The fire department continues to have a firehouse pancake breakfast in August. This seems to have become a town favorite that residents look forward to. The fire fighters enjoy the activity as well as many residents which is evident by the cooks that come to the station to assist us. As always thank you for the support and assistance.

The department also continues to hold a Christmas party for the children of Randolph. Once again this was a huge success with the children showing us their talents and receiving a special gift from Santa. Santa did his annual reading of 'Twas the Night before Christmas" for a captive audience. This year the party had a record breaking crowd as the town opened another holiday season. It was nice to have the number of children attending the party increase this year. A good time was enjoyed by everyone who attended.

As in the past, we are always looking for people to join the Randolph Fire Department. We continue to seek men and women over the age of 18 who are interested in helping in any way. This year the department did not gain any members.

Again, I would like to thank the members for their continued support and dedication to the town and their department.

As a reminder, the town has chimney brushes which are available for use by anyone in town and can be obtained at the fire department. Another important safety tip for all homes is to remember to change the batteries in your smoke detectors. Another good investment for your home is the purchase of a carbon monoxide detector. Have a fire safe year in 2013.

Respectfully Submitted,

Dana Horne, Randolph Fire Chief

## Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or [www.des.state.nh.us](http://www.des.state.nh.us) for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at [www.nhdf1.org](http://www.nhdf1.org).

Due to a record warm winter and little snow, our first fire occurred on February 4<sup>th</sup> with several more early fires to follow. Normally a large percentage of the warm windy days with low humidity occur when the ground is saturated from a long snow covered winter. By the time the surface fuels and ground dry out enough to burn, we only have a few weeks until "green up". This year however we had an extended period of these favorable spring fire conditions. Our largest fire in the state was 86 acres. The average size fire was .6 acres. Extensive summer rains kept total acreage burned to near normal levels

As has been the case over the last few years, state budget constraints have limited the staffing of our statewide system of 16 fire lookout towers to Class III or higher fire danger days. Despite the reduction in the number of days staffed, our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Several of the fires during the 2012 season threatened structures, a constant reminder that forest fires burn more than just trees. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

### 2012 FIRE STATISTICS

(All fires reported as of October 2012)

(Figures do not include fires under the jurisdiction of the White Mountain National Forest)

ONLY YOU CAN PREVENT WILDLAND FIRE

## Randolph Cemetery Report 2012

The cemetery committee has been active this year with burials, with both purchasing and interest of lots at the Randolph Hill Cemetery, and with planning for a ledge garden at the Randolph Hill Cemetery.

Trustee Karen Eitel completes Jim Baldwin's term this year and is on the ballot for a (3) year term.

During the year we have had (2) burials: Ruth Knight at the Durand Road Cemetery, and George Brackett at the Randolph Hill Cemetery. There have been (3) lots purchased at the Randolph Hill Cemetery; and planned purchases in year 2014 totaling (8), most of these are located in the upper west corner. The Randolph Hill Cemetery has around 240 surveyed lots that are available. These are located at the upper end of the Cemetery above the road from west to east toward the flagpole. Suzie Santos has a map showing lot availability, but all Trustees are able to help identify surveyed lots.

Mowing continues to be done by Bill Arnold. A number of gravestones were reset; there are about (3) more that will need attention this summer. Again we ask those that place gravesite flowers or other memorabilia to follow the guidelines for placement and removal, which will aid in the maintenance of the Cemetery.

The revised Bylaws and Regulations, the Application of Right to Burial, and the Certificate of Right to Inter documents are working well and do help in lot selection and future interment minimizing the involvement of a mortician or a monument provider. Copies of these documents are posted at the Town Hall and/or available from Trustees.

Purchase lot price is \$525 which includes perpetual care (\$500) and the required 4 corner lot markers (\$25), these are placed by Cemetery Trustees. Once purchased, both documents above will be filed with Suzie Santos. Lot size is ample enough for one full casket burial plus (3) cremations or if all cremations, the maximum number is (6) per lot. Each Right to Inter has a filing fee of \$25 which provides State required records for burials in the Town of Randolph.

This summer we are planning moving the sand used in burials at both cemeteries to a less noticeable area. At the Randolph Hill Cemetery there is a ledge outcropping in the upper center of the surveyed lots. This area will be unsuitable for burials and the plan is to prepare a low maintenance ledge garden of perennials. Karen Eitel will be heading up this effort. Please contact her if you wish be active on this committee or donate suitable vegetation.

As always, all Cemetery Trustees are available to address questions or issues.

Respectfully submitted,

Steve Hartman (Chair), Suzie Santos, Karen Eitel

## **Randolph Conservation Commission Report for 2012**

In addition to its routine duties, in 2012 the Randolph Conservation Commission moved further ahead in its work to define and protect the Town's wetlands, and as in the previous two years focused its attention on vulnerable areas along Israel's River. In late spring the Commission voted to accept a final version of "A Functional Assessment of the Wetlands throughout the Israel River Area," a study carried out for the Commission by the environmental consulting group Watershed to Wildlife (the same firm that serves as consultant for the Randolph Community Forest). In the summer the Commission teamed up with the Community Forest to give townspeople a tour of the area in question, a tour which was repeated in the early fall. Conservation Commissioners, in cooperation with others in town, are working to protect as much of the Israel's River headwaters as possible.

In the course of the year, Randolph residents directed the Commission's attention to the possibility that the Portland Pipeline Corporation may be considering reversing the flow in one of its pipelines. There are three pipelines in the Portland Pipeline Company's rights-of way: an 12-inch pipeline installed in 1941 and retired from service in 1982, an 18-inch pipeline installed in 1950 and not currently in use, and a 24-inch pipeline installed in 1965 and currently shipping crude oil from Portland to Montreal. These pipelines run right through the middle of the Town, running alongside and crossing under the Moose and Israel's Rivers. The specific concern was the possibility that the Portland Pipeline Corporation would like to put the 63-year-old 18-inch line back into service by reversing the flow and pumping tar sands bitumen from Canada down to Portland, Maine. This has been a cause of considerable concern because tar sands bitumen is a very heavy material (the consistency of peanut butter), and in order to make it fluid enough to be pumped through a pipeline, it must be diluted with lighter hydrocarbons, typically benzene and naphtha, both serious carcinogens. In the event of a leak, the two constituents separate: the bitumen, which is heavier than water, would sink to the bottom of any lake, river, or stream, where they would be virtually impossible to clean up, while the lighter hydrocarbons would dissipate into the air (which in Randolph is confined between mountain walls in a steep, narrow valley) where they would constitute a grave health risk. This nightmare scenario actually took place on the Kalamazoo River in Michigan in 2010, where the cleanup is still continuing and is now the most expensive pipeline accident ever recorded in the US. In view of this, and in response to requests from a number of Randolph residents, the Commission convened an informational meeting in November 2012. The meeting, which was held at Town Hall and was very well attended by residents and officials from the Town and from the neighboring towns through which the pipeline passes (Lancaster, Jefferson, Gorham, and Shelburne), featured presentations by the official from the New Hampshire Department of Environmental Services (NHDES) who would be responsible for the cleanup of any spill, someone from the Natural Resources Defense Fund, the president of the Portland Pipeline Corporation, and an attorney for the American Petroleum Institute. In view of the fact that the representative of NHDES stated at that meeting that his department had had no experience in cleaning up such heavier-than-water substances as bitumen, and in view of the fact that the president of the Portland Pipeline has subsequently stated that his firm would welcome the opportunity to ship bitumen through the 18-inch pipeline, the Commission is concerned about possible environmental threats to the Town and is working with the Selectmen to frame a proper response should that be needed.

On behalf of the Town, the Commission extends its heartfelt thanks to Ben Eisenberg, who recently resigned from the Commission after many years of diligent and cheerful service.

Respectfully submitted, Bruce Kimmse, Chair

## **Forest Commission Report**

**2012 was another busy year on the Randolph Community Forest finishing up several projects and looking forward to new initiatives.**

**Our contract with the Natural Resources Conservation Service (NRCS) Wildlife Habitat Improvement Program (WHIP) was completed this past September. In finishing the work included in this contract 12 additional acres of permanent wildlife openings were created, 7 previously created wildlife openings were mowed to maintain them, and 12 acres of softwood timber stand improvement was completed to increase winter habitat for wildlife.**

**The WHIP program has been very beneficial for wildlife habitat initiatives within the Community Forest. Seventy five percent of all costs for designated projects were paid for by NRCS and the remaining twenty five percent was paid by the forest fund through the revenues generated from the harvesting of timber.**

**The Pillsbury Timber Sale was completed last winter which consisted of the harvesting of timber on 69 acres in the area of the Stag Hollow drainage. This sale produced 121 thousand board feet (mbf) of hardwood saw timber, 1,666 tons of pulpwood and 4,382 tons of chips. This wood was harvested by local logging contractors and provided important wood fiber to the forest industry and contributed to the local forest based economy.**

**In July the Forest Commission hosted a presentation of the Israel's River Watershed Study which was commissioned by the town's Conservation Commission. The purpose of this study was to complete a wetlands inventory along the Israel's River drainage area.**

**And in August at the annual forest tour this past year's theme centered on the meadows and wetlands along the Israel's River corridor and some of the important natural resource features and wildlife that live and exist in this region of the town.**

**This past year the Forest Commission has established a small grants program geared to assisting individuals to conduct studies, research, or other projects which further the improvement, maintenance, and mission of the Randolph Community Forest. Some potential projects include bird and wildlife surveys, water quality monitoring projects, plants and fauna studies, etc. All proposed projects must be reviewed and approved by the Forest Commission.**

**Other opportunities being explored by the Forest Commission is the creation of a self guided interpretive natural features trail geared towards folks who wish to take a short walk and learn about some of the interesting natural communities that exist on the forest. We are also in the process of creating a website for the Community Forest where important documents can be retrieved and reviewed by the public, notices of timber harvests and other projects can be posted, and important updates or events as they pertain to the Community Forest can be listed for the members of the community to easily access and review.**

**A major effort for the RCF this year will be revising and updating the forest stewardship plan for the next 10 years. As part of that update our forester is conducting timber stand examination and preparing future proposed management prescriptions with anticipation this work will be completed this upcoming fall. An additional part of this process will be one or more meetings to gather public input and any guidance folks may have as to priorities or objectives that should be considered for the management of the forest for the next 10 years.**

## **Forest Commission Report (continued)**

Annual maintenance projects completed this past year included the mowing of all forest access roads in the Bowman region of the Community Forest and boundary line brushing and painting. All of our forest roads have been put on rotational mowing program where once every three years a different region of our roads will be maintained. This upcoming year the forest roads in and around the Randolph Hill Road area will receive this attention and maintenance. Through good maintenance of our forest road system, the likelihood of erosion due to unusual weather events is drastically reduced allowing for better water quality and reduced maintenance costs associated with any erosion that may occur.

One of the more unique but less known natural features in the Randolph Community Forest is the crystal mine located at the west end of town and somewhat deep in the forest. During World War II high quality quartz crystals were mined at this location for use in military radios. As the need for high quality quartz crystals declined after the war, the mine was closed sometime in the late 1950's or early 60's and the mine entrance was blown up to prevent access and potential injury to anyone who might enter the abandoned mine.

Since then there has been a small community of hobby prospectors who have visited the site over the years and located some small pockets of crystals near the surface of the ground. During the past several years however, more aggressive excavations have taken place which have degraded this special resource to the point where something needs to be done to limit the damage to this local natural feature.

In an effort to protect what remains of the quartz resource located in the Community Forest, the Forest Commission is proposing an ordinance to be voted upon at this year's town meeting which if passed, would become a part of the towns Land Use Ordinance protecting the mine site and surrounding area.

Please know it is not the intention of this ordinance to discourage hobby mineral collectors from visiting the site and harvesting a small quantity of quartz crystals for personal enjoyment, but to ensure that a set of reasonable rules are in place to provide a quality experience for all while at the same time protecting this valuable natural resource for future generations. The Forest Commission would therefore encourage voter's support of this amendment to the Land Use Ordinance and to also learn more about this special community natural feature. Copies of the proposed ordinance are available for review posted at the town hall.

As always, we encourage everyone to take an opportunity to explore this very special forest.

**Respectfully Submitted,  
The Randolph Forest Commission**

## **Planning Board Annual Report 2012**

In January the Board hosted a public hearing on the Israel's River Headwaters Project. The purpose of this presentation was to explain the proposed project and associated warrant articles which were subsequently voted on in the affirmative at the 2011 town meeting establishing the legal architecture for this project to move forward.

And in March the Board once again hosted the annual Municipal Law update meeting which consisted of a review of new laws passed by the legislature and an explanation and discussion of how they may affect current subdivision and land use regulations as adopted by the town.

The Board also attended to its responsibilities involving the Randolph Community Forest. The upcoming year's proposed forest budget was reviewed and approved and a public hearing was held on a planned timber sale as presented by the Forest Commission and their forester.

Another Forest Commission item the Planning Board considered is a proposed amendment to the Land Use Ordinance which would help protect an important natural resource in town known as the crystal mine. The crystal mine is a quartz geologic feature located at the west end of town where during World War II high quality quartz crystals were mined from this location to be used in military radios. At the end of the war and with the advent of artificially grown quartz crystals, the mine was closed and the entrance blasted shut. Since then hobby gem and mineral collectors have visited this remote site to gather small amounts of quartz specimens for personal use. Recently however the excavation of this area has become increasingly more aggressive and some form of protection of this natural feature is now in order. The Planning Board is recommending that the proposed amendment to the Land Use Ordinance be approved at this year's town meeting to protect this important and unique natural feature on the Community Forest.

This past year the Planning Board was also asked by the Board of Selectmen to re-visit the topic of what types of building projects in town require a permit. After several meetings and discussions the Board has made recommendations to update the Land Use Ordinance as to what projects in town require a building permit. In contemplating this issue, the Board did not feel that general maintenance activities should require a permit and therefore it is our recommendation that no permit shall be required for painting, cleaning, modifications undertaken solely for decorative purposes, basic repairs and maintenance, or other treatments which do not involve structural changes such as the replacement of roofs, sidings, or the installation or replacement of sheds and fences in their original locations. These proposed updates to the building permit requirements will be voted upon at this year's town meeting as an update to the Land Use Ordinance and a copy of the proposed changes are available for review at the town hall.

The Planning Board meets on the first Thursday of each month and the public is invited and encouraged to attend.

Respectfully submitted  
The Randolph Planning Board

Executive Director  
[www.frc123.org](http://www.frc123.org)

### Annual Report of the Family Resource Center to the Town of Randolph – January 17, 2013

**FRC Project Youth Afterschool Program:** 40 of the 93 students at the area Middle School (grades 6-8) are enrolled in our Afterschool Program. Over the 2011-2012 academic school year we note the following:

48% of students saw increased Language Arts Grades	42% of students saw increased Science Grades
44% of students saw increased Social Studies Grades	38% of students saw increased Math Grades

In addition to significant homework assistance students planned and participated in:

- ✓ *Veterans Appreciation Dinner for all North Country Veterans – Students sponsored an annual Veterans Appreciation Dinner at the American Legion Post #82, serving 100+ and interacted with Veterans and their families from many towns in Coos County. This year students created and mailed personal invitations.*
- ✓ *Collection of Weather and Snow Data – Students collect and supply data to the NH Fish & Game Department to help monitor conditions affecting the local deer population. Students enter this data into a data base created by the students of Milan Elementary School.*
- ✓ *FRC Project Youth students held a road toll in to raise funds for their Teens Helping Teens Project initiated to let no teen go without a gift through the holiday season. The students raised the funds, created a budget, did all the shopping and delivered their chosen items to be added to the Toys for Tots project. Total funds raised from the road toll, enabled the students to purchase \$394.21 worth of gifts specifically for teens.*
- ✓ *Week of Service/Worldwide Community Action Initiatives: As part of the I was Here initiative, designed by recording artist Beyonce, the students viewed her video and strategized ways that they could make their mark this upcoming school year as a group and individual. 1) Students wrote letters to be included in Operation Military Kids Hero Packs for their 9-11 Day of Service. 2) Letters were written to students' grandparents as part of the Do Something Grand initiative, but they also went one step further. Students went to Coos County Nursing Home to play Bingo with the residents and everyone departed with smiles and students were asked to come back soon.*

*Strengthening Families . . . Building Communities  
Serving the North Country for 15 years*

**Selected as 2012 Winner**

- ✓ *Northern Forest Heritage Park was in need of carvers to make their Pumpkin Bridge a success for the annual River Fire. GASP students rose to the challenge and carved 15+ pumpkins to help light the way.*
- ✓ *GASP students are once again partnering with the Gorham Community Learning Center for the Reading Warriors program. This year, in addition to bringing our rolling library, students wrote their own short stories to be read and animated with puppets to the young children.*
- ✓ *In 2012 the FRC was honored to be selected as the Cumulus Media – WPKQ (FM 103.7) Year of Service Partner. This opportunity provided a number of our Afterschool youth, including students from the Randolph/Shelburne/Gorham area to tape Public Service Announcements at the radio channel's studio. They experienced, first-hand, the workings of the radio studio and were thrilled to hear their voices in the PSA's that were played with great frequency in the North Country. The FRC Board and Staff are very grateful to Cumulus Media – WPKQ (FM 103.7) for that opportunity.*

**Family Support Programs:** The FRC continues to deliver quality family support services to local families including **Toddler Time** for Shelburne/Gorham area families. At Toddler Time infant to age 3 children and their caregivers are provided healthy activities designed to improve relationships and strengthening parenting capacity. In the **Deployment Cycle Support Program** FRC staff provides supportive services to Randolph/Shelburne/Gorham area families whose parent or child is engaged in the pre-deployment, deployment and post deployment cycle of US military service. FRC's **In Home Family Support Programs** brings experienced case workers into the homes of local families to help heal family dynamics and provide support and referral services to re-energize positive family relationships and re-engage these families into the fabric of the community. In 2012, with the continuous generous support of local businesses, we continued our traditions of supplying area families & children with **school supplies, winter coats & gear** and **holiday food baskets and gifts**. We continue to host **Senior Meals** on a weekly basis and otherwise make the FRC available for community gatherings and meetings. Given our current economic climate these assistance programs were particularly welcomed by many.

**Working Families Program:** 56 Randolph/Gorham Families reaped the benefits of FRC's free Volunteer Tax Assistance Program (VITA) in tax year 2011. County-wide a total of 497 Families collected over \$612,000 in Federal Income Tax returns due to the FRC's VITA program.

We sincerely thank the people of Randolph for their past and continuing support of the FRC. We are proud of the many relationships we have forged as we work together towards a healthy and vibrant place for families. We look forward to many years of continued collaboration with our neighbors.

*Strengthening Families . . . Building Communities  
Serving the North Country for 15 years*

**Selected as 2012 Winner**

January 2013

In 1978, Jimmy Carter was president, the cost of a new home was \$54,000, the median household income was \$14,000, a stamp cost \$0.13, and a gallon of gas was \$0.62. But more importantly, **in 1978 the Gorham Community Nursery School opened its doors.** The nursery school was located at the Congregational Church, where it remained until 1999. Two teachers, who were not required to have any formal training, taught fifteen children two mornings a week. The primary goal of the curriculum was socialization, and families were billed only when their child attended. Supplies were purchased by the teachers or were donated. Donations served as a major contribution even 35 years ago.

Fast forward to 2013. Barack Obama is president, the median cost of a new home is \$200,000, the median household income is about \$70,000, a stamp costs \$0.45, and a gallon of gas is \$3.45. Thirty-five years later we are now the **Gorham Community Learning Center, an NAEYC-accredited center** providing tuition-based early education and full day child care five days a week year round. Our twelve staff members have education in early childhood, ranging from Bachelor's degrees to formal workshop training hours. The primary goal of our curriculum is to build the whole child through meaningful play and activities. Supplies are purchased through grants, income and donations. Donations serve as a major contribution even 35 years later.

Our mission is to **provide the foundation for lifelong learning.** We have developed and maintained a strong collaboration with the local school district as well as with the SAU 20 and SAU3 special education programs. We are currently involved in many intertwined activities such as Handwriting without Tears, Jolly Phonics, and a new social emotional curriculum called "Social Thinking." Our teachers work closely with the Ed Fenn kindergarten program to prepare students for the formal school environment. During 2012 we served approximately **50 students** from the Gorham, Randolph and Shelburne areas. Our students can be seen walking to the Common, to the Gorham Library, to the Ed Fenn, and to the various businesses who provide us with enrichment visits and field trips. "Community" is not a one-way street—it is a busy exchange of ideas and experiences in the lives of our students and in the life of the town of Gorham. We look forward to the next 35 years! Thank you for your continued investment in the future!

**SULLIVAN COUNTY:**  
Claremont, Cornish, Crofton, Grantham,  
Newport, Plainfield, Springfield, Sunapee

As one of five members of the Executive Council, I will again take the Oath of office on January 3, 2013. I am now representing 108 Towns, four cities- Berlin, Laconia, Claremont and Lebanon spread across all or parts of seven of NH's ten Counties, - Carroll, Grafton, Belknap, Coos, Sullivan, Strafford and Merrimack. I was sorry to lose, through the redistricting process, the towns of Belmont and Charlestown.

Governor Hassan will be the tenth Governor I have served with in the last 35-36 years of public service to the 263,000 people of this large Northern Rural District. The Governor is required to nominate citizens to serve on the dozens of volunteer Boards and Commissions which the Council will vote on. I urge anyone who is interested in serving to send a letter of interest and resume to the Governors Office, 107 North Main Street, Concord, NH 03301. For a list of the Boards and Commissions go to <http://www.sos.nh.gov/redbook/index.htm> contact my office or utilize your local town or city library.

With the support of the NH Health and Human Services Department, I have three District Health Councils which meet about every 4 months with Commissioner Nick Toumpas and his staff for about 2 hours. We receive updates and respond to local health concerns, consumers, providers and elected officials - local, county and state. These 2 hour sessions are open and frank discussions about the health of all NH citizens. The notification is all by email. Please send me your email to add to the list if you are interested at [ray.burton@myfairpoint.net](mailto:ray.burton@myfairpoint.net)

2013-2014 is the year of the 10 year NH Transportation Plan. The Five Member Council will work closely with the local Regional Planning Commissions; hold required hearings on the recommendations for the next ten years for all modes of transportation- highways, rail, air and public transportation. We then submit our recommendations to the Governor by December 15, 2013. The Governor reviews and submits her recommendations of the plan to the NH House and Senate by February 15, 2014 which will become a legislative bill concluding with a new 10 year transportation plan by July 1, 2014. Keep in touch with my office or the NH Dept. of Transportation Planning Office at 271-1484 on this. There will be some interesting and in depth discussions and votes.

Please contact my office anytime I can be of assistance. I enjoy participating and speaking at local events and consider it an honor to serve you.

Sincerely,  
  
Ray Burton, Executive Councilor

December 18, 2012

Chairman & Members of the Board  
Randolph Board of Selectmen  
Durand Road  
Randolph, NH 03593

Dear Mr. Chairman and Members of the Board:

Northern Human Services' The Mental Health Center in Berlin respectfully requests that the Town of Randolph continue its support of this agency through an appropriation in the amount of \$339.00 at the 2013 Town Meeting. This amount represents a \$1.00 per capita contribution based on figures from the most recent census. These funds will be used exclusively for the support of outpatient services provided through The Mental Health Center.

Over the past 46 years this agency has provided mental health services to hundreds of people living, working, raising families and going to school in the Androscoggin Valley area. Outpatient mental health services are not funded by state or federal dollars. They are expected to support themselves through client fees, third-party insurance payments, and through local support such as contributions from towns, cities and the United Way. In order to make these services affordable to all persons in need of them, fees are adjusted according to the recipient's ability to pay. Your present and past appropriations have enabled us to follow this practice, and your support this year will assure its continuance. We see these services as the backbone of our communities' mental health efforts and as essential in the prevention of more serious emotional, social and community problems.

We fully appreciate the pressures, financial, social and emotional, that all sectors of our local communities are experiencing at this time. These pressures are resulting in a significant increase in persons seeking our services at a time in which there has been a severe erosion of the health insurance base supporting providers such as us. More than ever we need your ongoing assistance to continue to provide your citizens with the care they are seeking.

Board of Selectmen  
Town of Randolph  
107 Durand Road  
Randolph, NH 03593

Dear Selectman:

Tri-County Community Action is requesting **\$600.00** in funding from the Town of Randolph to help support its Community Contact Program. Community Contact is the field services arm of the Tri-County CAP. Our purpose is to assist low-income, elderly and handicapped persons to solve problems and meet their physical and financial needs. We accomplish this by providing information, counseling, referrals, budget counseling, guidance and organizational assistance and by effectively linking households with CAP assistance programs and using community resources.

Below is a breakdown of assistance that the CAP Community Contact office provided to Randolph residents over the last year:

	<u>HOUSEHOLDS</u>		<u>DOLLAR AMOUNTS</u>
Fuel Assistance 2011-2012	7	\$	6,300.00
Electric Assistance 2011-2012	5	\$	\$4,303.00
<b>TOTAL</b>	12	\$	<b>10,603.00</b>

Community Contact provides necessary services for the less fortunate citizens in our communities, who would otherwise have to seek help from the town. We are depending upon funding from your town and neighboring communities countywide. The local funds are combined with the Community Services Block Grant, Fuel Assistance and NH Emergency Shelter Grant, Homeless Program and FEMA. We also are the conduit through which the USDA Surplus food gets distributed to food pantries throughout Coos County in order to serve our residents.

If you have any questions, please don't hesitate to give me a call at 752-3248.

Sincerely,

Cindy Baillargeon  
Berlin Community Contact Manager

## North Country Council, Inc.

Regional Planning Commission & Economic Development District  
The Cottage at the Rocks  
107 Glessner Road  
Bethlehem, New Hampshire 03574  
(603) 444-6303 FAX: (603) 444-7588  
E-mail: [nccinc@nccouncil.org](mailto:nccinc@nccouncil.org)

Dear Friends,

The first thing I would like to do is thank all of you for your support of the North Country Council this past year. Once again, I would like to reaffirm the Council's commitment to serve the community and regional needs.

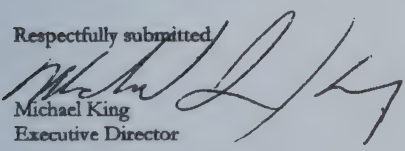

We continue to be very active in transportation planning. We are the recipient of a grant from the New Hampshire Department of Transportation that enables us provide assistance to communities and staff the Transportation Advisory Committee for the region. I urge all of you if you have not been involved with the advisory committee to give us a call and arrange to attend one of our meetings.

In economic development we continue our strong relationship with the Department of Commerce and the Economic Development Administration (EDA) in bringing funding and project development to the region. Two projects that we are very involved with is the reuse of the Groveton Mill and the Dartmouth Regional Technology Center (DRTC) incubator in Grafton County. These along with other economic opportunities will continue to be a focus in the coming year.

The planning department has also been busy and as you look through this report you will see a variety of technical assistance activities that were provided to a number of communities in our region. We also began a major program to update and expand our regional plan thanks to a grant received by the nine planning commissions from the Department of Housing and Urban Development (HUD). This project, called the Granite State Futures (GSF) project will be continuing this year. There will be many opportunities for participation by residents and member community representatives to the Council. Community input is at the core of the GSF project and we need your input. Go to or use the QR code on this page to help us develop a vision for the future of the region. [granitestatefuture.org/get-involved/add-](http://granitestatefuture.org/get-involved/add-) and I urge you to attend some of the meetings that we will be having throughout the region. Community input is at the core of the GSF project and we need your input.

Again, thank you for all of your support for the Council. I hope that my staff and I can continue to be of service to your community. The Council is here to serve you. It is your organization. Our staff and Board are committed to responding to community needs. If there is a project or a need in your town, please call us. We are dedicated to both supporting our individual towns and promoting regional unity in the North Country.

Respectfully submitted,

  
Michael King  
Executive Director

## 2012 VITAL STATISTICS

The following vital statistics were registered in the Town of Randolph, NH or are pertaining to Residents of the Town for the year ending December 31, 2012.

### BIRTHS:

<u>Date</u>	<u>Name of Child</u>	<u>Name of Parents</u>
Feb. 25	Isabella Rae Hartman	Amy Michaud Reid Hartman

### MARRIAGES:

<u>Date</u>	<u>Name of Bride and Groom</u>	<u>Residence</u>
June 30	Cheryl L. Bean Richard M Baillargeon	Randolph, NH Randolph, NH

<u>Date</u>	<u>Name of Deceased</u>	<u>Place of Death</u>	<u>Age</u>
Jan. 5	Ruth Lee Knight	MD	85*
March 17	George A Brackett, JR	Randolph, NH	87
March 23	Alfred 'Mike' Frueh	CT	92*
May 5	Judge Louis Heilprin Pollack	PA	*
Sept. 6	Evelyn Brasher	Randolph, NH	

\*Note: Person was not a year round resident at time of death.

#Note: Accident victim.

## BOARD OF ADJUSTMENT

Paul Cormier, Chairman.

Call the Chairman for dates and times of meetings. All meetings are open to the public.

## ROAD AGENT

Kevin Rousseau, Road Agent

Please notify The Road Agent at 466-5185 if you have any issues or concerns with the road conditions.

## SCHOOLS

Randolph is part of the Gorham, Randolph, Shelburne Cooperative School District. District information can be found at the SAU20 website [www.sau20.org](http://www.sau20.org).

**SELECTMEN** 466-5771 [Selectmen@randolph.nh.gov](mailto:Selectmen@randolph.nh.gov)

Ted Wier, Chairman

The Selectmen meet the second and fourth Mondays of the month at 7 PM. Please contact the office to set up an appointment to meet with Selectmen. All meetings are open to the public.

## TOWN FOREST COMMISSION

John Scarinza, Chairman

The committee meets at 7PM at the Town Hall on the first Wednesday of the month. All meetings are open to the public.

**TAX COLLECTOR** 466-5771 [TaxCollector@randolph.nh.gov](mailto:TaxCollector@randolph.nh.gov)

Scott A. Robinson, Tax Collector

The tax collector is available by appointment, or you may pay your taxes at the Town Office during regular office hours, Monday – Friday 8:30 a.m. to 12:30 p.m.

**TOWN CLERK** 466-5771 [TownClerk@randolph.nh.gov](mailto:TownClerk@randolph.nh.gov)

Anne Kenison, Clerk; Suzanne Lowe-Santos, Deputy Clerk

The Town Clerk (or Deputy) is available at the Town Hall from 9 AM to 11 AM every Monday, and 7 PM to 9 PM every Wednesday. Please arrange to do your business at these times.

## TRASH COLLECTION

Collected **every Tuesday**, beginning at 7 AM.

- Do not put out trash before Tuesday Morning – it attracts bears, crows, etc. Please make arrangements for someone to put out your trash if leaving Town before Tuesday.
- Do not place hazardous waste in your trash; there will be a special collection at AVRRDD, usually in June.
- It's illegal to place unprotected hypodermic needles in trash – use sharps containers and drop off at Androscoggin Valley Hospital.
- Permits are available at Town Hall to take bulky waste, refrigerators, air conditioners, or tires to the AVRRDD facility on Route 110 in Berlin.

## RECYCLABLES COLLECTION

Recyclables must be separated and are collected on the **first Saturday** of each month beginning at 7 AM. Recyclables can also be dropped off at the AVRRDD facility on Route 110 in Berlin. **See the Town Website** <http://www.randolph.nh.gov/general%20info.htm> for more information on recycling or pick up a brochure at the Town Offices.
